Deep Ocean Sparkling Water

About the Brand's Soul

The soul of AQUAGEN lies in the beauty of unstrained simplicity in human life.

Integrating into every part of one's life, AQUAGEN conveys the values of passion, naturalness and freedom.

Nutrient-Rich Sea Water of Unsullied Purity

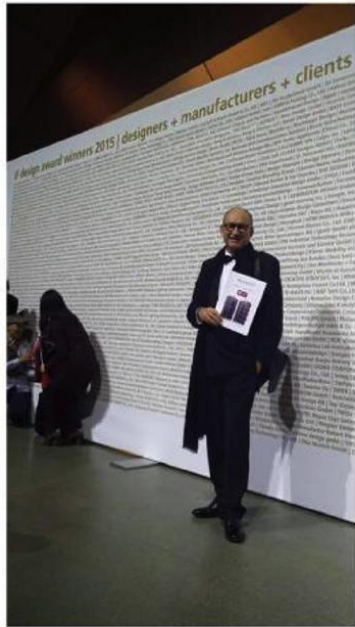

The unpolluted marine environment surrounding the Pacific Islands is loved by divers worldwide.

The founder of AQUAGEN, keen on diving, once mistakenly went too deep there during scuba diving; despite the scare that his life was threatened, he looked around and found that the seawater was crystal clear and that he was surrounded by huge schools of fish. Amazed by the clarity of the deep seawater of the Pacific Ocean, he started the research and development of AQUAGEN Deep Ocean Sparkling Water, giving the seawater an effervescent quality while retaining the complete content of organic mineral elements that can be effectively absorbed by the human body.
